

Long Trail

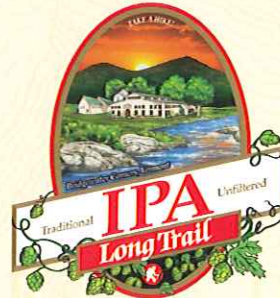

BRAND FACT SHEET

'Our Original Brew'

First brewed on November 2nd, 1989, Long Trail Ale is now Vermont's largest selling Amber Ale! Our flagship brew is a full bodied, complex ale, with a moderate hop bitterness.

O.G. 1.046 IBU's 30

'Celebrate Tradition'

The first edition of our Brewmaster's Series was so successful we decided to brew it full time! This brew is unfiltered, same as the original IPAs of the British Empire. Celebrate tradition with us!

O.G. 1.059 IBU's 56

'A Hint of Blackberry'

Light & refreshing with a hint of blackberry at the finish makes this beer a real thirst quencher! This brew was originally offered only during the Summer months and has now become so popular we've decided to brew it YEAR ROUND.

O.G. 1.040 IBU's 8

'The Secret's Out'

Also known as Stickebier (German slang for 'secret beer'), Double Bag Ale was originally offered only in the brewery taproom as a special treat for our visitors. At 7.2% ABV, please indulge in moderation!

O.G. 1.072 IBU's 25

'Crisp & Refreshing'

Here is our "Wheat Beer with Yeast", or Hefeweizen. Beers brewed with a high proportion of wheat yield a crisp and refreshing flavor profile, while the addition of our special yeast adds a blend of complex citrus and spice flavors... *forget the lemon wedge, this Hef' has plenty of flavor!*

O.G. 1.050 IBU's 14

'New Seasonal'

Our Belgian White Ale is modeled after the original Belgian Witbiers brewed in monasteries during the early 14th century. The soft notes of citrus and spice are topped with a light, fluffy head that finishes clean and crisp. This all natural ale is our latest seasonal brew, perfect for lounging lake-side or celebrating at trail's end...ENJOY!

O.G. 1.047 IBU's 14

(seasonal)

'Smooth, Brown Ale'

Don't like 'dark beers'? Try this one with your eyes closed if you must. We consider it a light-dark ale, or is it a dark-light ale? You decide, either way its SMOOTH BROWN...SMOOTH DOWN!!!

O.G. 1.045 IBU's 25

(seasonal)

'Settling in for the Winter?'

A New England winter essential. The rich malt character of this Scottish Ale is achieved by blending six robust malts. This creates a unique warming characteristic that is sure to take the bite from a cold winter night!

O.G. 1.060 IBU's 25
